HOW THE MINES WERE SAVED.

An Eastern correspondent writing to the Alta of a late date gives the following history of an act of Congress entitled "An Act granting the right of way to Ditch and Canal owners through the public lands, and for other purposes:"

The miners of California and the States and Territories adjacent thereto have but a very inadequate idea of the imminent peril in which the pursuit in which they are engaged was placed at the commencement of the Thirty-ninth Congress. Two years ago there was a strong disposition in Congress and the East generally to make such a disposition of the mines as would pay the National debt The idea of relieving the nation of the payment of the enormous taxes with which the war has saddled us by the sale of the mines in the far distant Pacific slope, about which few people here have any knowledge whatever, was the most popular that was perhaps ever started—compelling other people to liquidate your obligations has been in all ages and in all nations a highly comfortable and popular proceeding. There were some at the time of which I write who would not be satisfied with the sale of the mines. They held that even after sale the Government should be made a sharer in the proceeds realized from them. The first bill on the subject was introduced in the Senate by Mr. Sherman, of Ohio, and in the House, by Mr. Julian, of Indiana. Both of these bills contained the most odious features. Sherman's bill went to the Committee on Public Lands, of which Mr. Stewart was a member. After much consideration it was understood that the Committee would report adversely. Julian's bill received a much more favorable consideration in the House. In fact the House went so far as to pass a resolution endorsing legislation substantially of the character contemplated in Julian's bill. After much canvassing, Mr. Conness and Mr. Stewart came to the conclusion that it was no longer safe to act on the defensive, and that it was necessary to determine what legislation would be acceptable, and to make a bold move to obtain it. The Secretary of the Treasury was then one of the strongest advocates of the sale of the mines, and appeared to be under the impression that it would yield a large revenue. The movement thus far had been encouraged by him, and it was thought that a partial success of his views would be more satisfactory to him than entire defeat.

Mr. Conness accordingly suggested to him to have a bill prepared in his department, which would avoid the odious provisions of the other two propositions, and get some Senator to introduce it, assuring him that a liberal measure would receive the favorable consideration of the Pacific Delegation. The result was that the Secretary had prepared the second bill, introduced by Mr. Sherman, which was a great gain on the first bill. This bill went to the Committee on Mines, of which Mr. Conness was Chairman and Mr. Stewart a member. After much discussion, these two Senators were appointed a committee to draft a substitute, which, after several weeks of close study, resulted in the reporting of a bill substantially the same as the one which is now the law. At this time it was not expected that it would be possible to do more than to get a report of the Committee in favor of the measure, which it was thought would be an advanced affirmative position, from which the granting, selling or other calamitous disposition of the mines could be successfully withstood. Upon making the report however, it was determind to put on the boldest front possible, and try and pass it through the Senate. It came up on the 18th day of June, 1866, and at first had but two warm advocates—its authors. The discussion occupied the entire day, Mr. Stewart opposing the bill. Mr. McDougall first favored the bill and then made a speech against it. Mr. Williams, of Oregon, was opposed to all bills of the kind. Nesmith contented himself with voting against it. Nye opposed it, and said it would be good policy to let the whole subject alone, and not legislate upon it at all. This speech left his real position somewhat indefinite. In the course of the debate however, it became manifest from the remarks of Senators Sherman, Buckalew and Hendricks, that the real merits of the bill were beginning to be appreciated by the Senate. The two authors of the bill congratulated themselves on this sign of progress, and resolved to try again. It was called up again on the 28th by Mr. Stewart, and was debated by Senators Stewart, Conness, Sherman, Hendricks and others. After being amended slightly by Mr. Stewart, the bill passed the Senate. When it was first introduced, the bill had no friends in the House, but after it passed the Senate some of the Pacific delegation began to regard it favorably. It should have gone in the House to the Committee on Mines, of which Mr. Higby was Chairman, but Mr. Julian, who is an old member, and was then Chairman of the Committee on Public Lands, seized on the bill at once, and had it transferred to his Committee. Then the struggle came to get it out of that Committee. Mr. Stewart addressed himself to the members of it, and got every one of them but Julian, but he was intractable. He wanted his bill to go first, and would no let this supersede it. The house, too, was canvassed, and was found to be favorably disposed, but there was no way of getting at the bill. In the meantime Higby had passed a bill from the Committee on Mines in regard to ditches. It contained but three provisions, and bore no resemblance to the bill in question, but it related to the same subject. When this bill came into the Senate, the mining bill was tacked on as a substitute, and was passed. It then was sent back to the House and went on the Speaker's table. In that condition it required a majority to refer it. To get that majority Julian exerted all his strength, but failed. The bill was passed in the House without amendment, and became a law. This accounts for its being entitled "An Act granting the right of way to ditch and canal owners through the public lands and for other purposes." I have been particular about hunting up all the facts bearing upon this struggle, for the reason that the bill evolved from it is the most important, so far as California is concerned, that has ever been passed by Congress. The rules which have recently been proposed for the execution of the law it is thought will meet the wants of the miners. If they do not they will be amended. If difficulty should arise as to the authority to make such regulations under the law, a simple resolution, which can be passed any day, will be sufficient to legalize them. It is now thought best not to have the general subject opened again. It is far better to perfect the system which has been established as practical experience shall point the way, than to have any more agitation over it in Congress. The result of the whole fight is the grant of all the mines to the miners, with some wholesome regulations as to the manner of holding and working them, which are not in conflict with existing mining laws, but simply give uniformity and consistency to the whole system. The escape from entire confiscation was much more narrow than the good people of California ever supposed. If either of the bills originally introduced had been passed, the Pacific States and Territories would have received a blow from which they never would have recovered. The Government could only have receded after the most irreparable and wide-spread damage had been done.

MAXIMILLIAN'S LAST MANIFESTO.

The following is the text of the address of Maximillian to the Mexican people after his surrender:

"The Archduke Fernando Maximilliano de Hapsburgo, ex-Emperor of Mexico, to all the people of Mexico—Compatriots: Since the valor and patriotism of the Republican armies have put an end to my rule and dynasty in this place, the determined defense of which was indispensable for me to make, in order to save the honor of my cause and race, after that bloody siege, in which both Imperial and Republican soldiers have rivaled each other in courage and self denial, I am going to explain myself.

Fellow-citizens:—I came to Mexico not only inspired by the best of good faith to promote the happiness of all and each of you, but I came at the request, and under the protection of Napoleon III, Emperor of France, to the throne of Montezuma and Iturbide. He abandoned me in a cowardly and infamous manner, through fear of the United States, placing France in ridicule, causing an unnecessary expenditure of her treasure and shedding of the blood of her sons, as well as that of the sons of Mexico.

When the news of my fall and death reaches Europe, all of her monarchs and the country of Charlemagne will exact an account of my blood, and that of the Germans, Belgians and French which has been shed in Mexico at the behest of the Napoleonic dynasty. Then will be the end.

The whole world will soon see Napoleon III, covered with shame from head to foot.

To-day, observe his Majesty, the Emperor of Austria, my august brother, a suppliant to the United States to intercede to have my life spared, and me a prisoner of war at the disposition of the Republican Government, with my crown and heart broken to pieces.

Compatriots! you have here my last words. I ardently desire that my blood my regenerate Mexico, and serve as a warning to the ambitious and unweary. Learn to profit by your victories with prudence and real patriotism, thus enobling by your triumphant arms.

May Providence protect you and make me worthy of myself. MAXIMILLIAN."

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States, should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be holden or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

CEMENT MINING.

The business of cement mining has been generally successful, and in many instances highly lucrative. At Red Dog, You Bet and Little York, it is taking the place of hydraulic mining. Considerable of the latter will be done when the supply of water shall be greater and the cost less. As an instance of successful cement mining, may be cited the Williams & Mallory claim at Red Dog, formerly known as the Perkin's claim, from which the owners realized a large fortune. Having worked the lead up to the line of Williams & Co's claim, the latter (running in from the southeast side) struck the lead at right angles with its general direction, and in working across it, took out in the short space of six weeks $18,000. Reaching the line of the Star of the West checked their further progress. The owners of the Star of the West are making preparations to follow up the lead which runs through their ground a distance of 1800 feet. They can reach it through the claim of Wright & Co., which bounds it on the north, and which has been worked nearly or quite up to their line. Or from the southeast side through the ground worked by Williams & Co. Or from the west side, where the owners have reached their lead by a tunnel. Thus the Star of the West has been worked on three sides, on the south by Mallory & Williams, on the east by Williams & Co., and on the north by Wright & Co. The owners propose to avail themselves of the facilities presented by Wright & Co., who have a ten-stamp mill with a good tunnel reaching the ground of the Star of the West, in operation. Especially is this desirable as some of the owners of the Wright & Co. also own in the Star of the West. From the working of this lead of about 2000 feet, large results are looked for.

At You Bet, the mill formerly owned by Brown & Co.—eight stamps—cleaned up, we are told, over $3,000 last week. The claim of Neese & West is paying well, but not so well as formerly, it having paid as high as $6,000 per week. In the Collins claim they are running ahead with good prospects.

In the Hydeliff claim they have recently struck very rich dirt and are running main drifts preparatory to breasting out. In the Mallory claim, at this place, they have within a few days past struck better dirt.

At Little York there are two cement mills owned by Buckman & Curran, one works fifteen the other forty hands, precisely what they are doing is not known, but the impression is that they are getting good results. Altogether the results of cement mining has proved highly remunerative. Several parties have taken out handsome fortunes; and others have them within their grasp. It cannot be expected that any lead will be uniformly rich or continuous. At times expenses only will be made, but the final result is inducing capitalists to see an increase in the business of Cement Mining.

THE REDSTONE MINE—On the lower level of this mine rich and much more massive rock has been struck. The Company are enthusiastic and intend pushing more vigorously the work of development. A ditch is to be extended about a mile by which a permanent water-power will be obtained. A few hundred tons of such rock as we saw would yield a handsome fortune to a large company.

HAIGHT and Hambleton addressed the "unterrified" of this place on Friday evening last, drawing a rather slim crowd.

GORHAM AND HIS SLANDERERS.

There has been an honest difference of opinion among the friends of the Union ticket as to the course that should be pursued under the slanders of the "independent press." It was held by some, that honest men would wait for proof before believing any statement, and as none had been furnished, it would be safe and well to make no allusion to the attacks of the "Bulletin" and "Union." But Mr. Gorham's relation to the Western Pacific Railroad and his supposed relation to the tide-land bill, has been so much harped on, that he thought best to explain fully both those measures, and their fate, and present state, and probable future, and what he would do about them if elected Governor. The Stockton "Independent" and the "Union" have laid them before their readers as embodied in a letter to J. M. Kelsey, Chairman of the Union Committee of San Joaquin County. They are so conclusive that no man in his senses will say another word against Gorham on his attitude towards those measures:

"Much has been said concerning the tide land measures of the last session, and of my relations with persons interested therein. Let me tell you what that measure really was. As your county contains large quantities of swamp lands, you are most of you aware that under the existing laws of this State the swamp and overflowed lands granted to this State by the General Government, and the marsh and tide lands along the bays which belong to the State 'by virtue of her sovereignty,' as the legal phrase goes, are subject to location and sale at the price of one dollar per acre. The original legislation on this subject exempted from sale all such lands as were situated within five miles of the city of San Francisco, and of certain other localities. Subsequently such amendments were made to the law as to leave it an open question whether any of these lands were so exempted from sale. A large and able portion of the legal fraternity of San Francisco were of the opinion that the tide lands of and near San Francisco were just as clearly open to sale as the swamp lands in your own county. Accordingly some parties who were willing to buy these lands at the lowest rates, did locate them and did pay the price, and did obtain from the Surveyor General of the State (who agreed with their construction of the law) certificates of purchase. The Governor of the State, differing from the Surveyor General of the State, declined to issue patents for the land. The claimants then had two remedies. They could go to the Legislature and ask for a confirmation of the supposed sales, or they could go into the courts. They went to the Legislature, and a bill was introduced to ratify the sales. The members listened to the arguments of both sides, and a majority decided against the claimants. The latter then had confidence enough in the legality of their pretensions to go into the courts. A test case was taken to the Supreme Court of the United States. The decision was rendered a few months since, and by it these lands were declared to be absolutely the property of the State. This ends the matter. These lands are of great value. They should never be opened to sale until such time as they can be disposed of to the best interests of the State. Whenever they are so opened to sale, they must be disposed of to the best possible advantage to the State, and any public official who would be a party to their alienation at any earlier time or on any other terms, would simply prove himself a dishonest man. I trust I have made this matter and my own position sufficiently plain.

"And now in relation to the bill to grant aid to the Western Pacific Railroad Company: At the last session a bill was introduced into the Assembly and passed, granting aid to the Placerville Railroad Company. In the Senate a substitute was adopted granting aid also to the Western Pacific Railroad Company. At the preceding session aid had been granted in the same manner, and to a greater extent, to the Central Pacific Railroad Company. It was urged on behalf of the Western Pacific that they had not yet received a dollar or an acre of land from the General Government, and would not be entitled to anything under the Acts of Congress until the completion of the first twenty miles of the road. They said they required State aid to enable them to go on with the work. I knew some of the parties interested, and holding no public office, and being under no obligation whatever to represent the State's side of the question, I, as a private citizen, did just as I had a right to do, namely: I seconded the application of the company for aid. Was it immoral for them to ask for a bounty at the hands of the State? Was it immoral in me, as their friend, to join in the request? Ought the company to have opposed the bill? Ought I, as their friend, to have opposed it? We did not say the State owed anything to the company. We said 'give, if you please.' Was there anything dishonest in this? It so happened that I did not own any interest in the Western Pacific Railroad, or in the contract to build it. Any statement to the contrary is unqualified falsehood. I say this happens to be the fact. It would have been in perfect accordance with good morals, I suppose, for me to have owned an interest. Well, the bill passed, and was vetoed. Since that time the Western Pacific Railroad Company has sold out to the Central Pacific Company. I am glad to be able to say that, from such reliable information as I can gather, the road will be pushed forward with the energy which characterizes that Company, and will be built through Stockton in accordance with the original plan. The first section has long since been completed, and the United States Government aid has been received. There can never again be any reason urged for the granting of State aid for its construction: and I freely say to you, that should I be chosen Governor, and should any bill pass during my term of office, to grant aid to the road, I would refuse it my sanction. I trust that in this, as in all else I have said, I have been sufficiently explicit."

GEORGE C. GORHAM.

DECLINED.

By a letter in another column of this issue it will be seen that General Bidwell peremptorily refuses to allow his name to be used by the bolters of the State for the purpose of creating a division in the ranks of the great Union party of our State. This action on the part of General Bidwell is what might naturally have been anticipated by the few sore heads who did all they were able to disorganize the party. General Bidwell's record as a Union man stands pre-eminent, and it was no compliment to him as a member of the only true patriotic party in existence that he was tendered the nomination for Governor by the bob-tail convention which met at Sacramento on the 16th and 17th of July last. The chalice was presented to him, but he refused to partake, thereby proving that he chose rather the success of the party and retirement than to risk its defeat by allowing a *seeming* defection on his part to aid those who pretended to an anxiety for the success of the Union party while counseling with its enemies for its defeat. This is a very large bomb thrown into the camp of the enemy—one by no means expected. It was no part of the programme of the leaders of the sore head convention to give General Bidwell an opportunity to decline the nomination, for they never intended to officially notify him of it, thereby placing it out of his power to decline. But an opportunity, through the action of a friend, was presented, and he has nobly taken advantage of it, and counsels all *Union men* to stand by the regular nominee for Governor, and not through dissatisfaction allow the Copperheads to gain control of the State Government for the next two years, and thereby give them the prestige of victory in the coming Presidential campaign. The Union masses at the East look with heartfelt anxiety to their brethren on the Pacific coast to vindicate the great principles of Freedom and Justice that they fought so long and well to establish during the dark hours through which the nation has just emerged. They appeal to all patriots to stand by those principles *now*, and to give only those power who have proved themselves faithful. The heroes of the Union army ask that the measures now before Congress for the *permanent* settlement of a *lasting* peace be carried out, in order that our land may no more be deluged in blood. We believe their hearts are right and only need to be convinced of the justness of the measures proposed by the Union party to heartily endorse them, and we firmly believe that these measures will be triumphantly successful at the September election. Every day demonstates the fact that the venal press which at first threatened such disasterous consequences are losing its influence, and the masses are coming back to the support of those who so valiantly battled for the nation in its days of adversity.

As we go to press, Hon. Wm. Higby and J. G. McCallum are addressing a large and most enthusiastic assemblage of the Union party.

Perry Davis' Vegetable Pain Killer, after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

BIDWELL DECLINES.

We print herewith a letter addressed by Gen. Bidwell to G. N. Swezy, of Marysville, in reply to a letter from the latter gentleman, asking if Bidwell approves of accepts the Sacramento nomination. It will be seen that he answers categorically that he does neither:

CHICO, July 24, 1867.

G. N. SWEZY, ESQ.—DEAR SIR—Yours of the 23d instant is received. In consequence of receiving so many letters pro and contra, I am forced to abandon my original purpose to simply answer each letter in its turn and write nothing for publication, for it will consume all my time. I therefore propose now, through this occasion, to speak to one and all. To those who congratulate me on my reported nomination for Governor I have promptly, but courteously said that I could not possibly accept the honor. To those who urge me to decline the nomination in quesrion and dictate the terms in which I shall come out in favor of the regular ticket, I must kindly say that I have not been officially advised of such nomination, have accepted none, do not under the circumstances propose to accept any, prefer to employ my own language in making this formal declension, and that I have not abandoned, but still adhere unswervingly to the Union party.

Some ask me to give expression of sentiment, if consistent with my views, favorable to a united effort in behalf of the Union ticket. I answer, it certainly is consistent with my views, and I proceed to do so: Having been a candidate before one Convention, I desire to say to those friends who adhered to me during the struggle for the nomination, and who labored for, and were favorable to, my nomination, and to all others, that I feel profoundly grateful to them, but that I cannot consent to enter the field again and attempt to make the race for Governor. To do so would be tantamount to givig direct aid to the so-called Demoeratic party, the success of which at this juncture of affairs would be a calamity both to the State and Nation, and ought not to be thought of by any loyal man. As far as I am concerned, I am trying to lay aside all personal feelings and considerations. In fact, I have done so as far as human nature is capable of under the circumstances. I profess not to be perfect. And I now ask, what can be done to restore harmony to the Union party of this State? In the pending contest we want not only to win the battle for freedom and equal suffrage, but we want to make the victory overwhelming. Being out of the race, I am no longer a stumbling block in the way, and I think I can view the scene from the stand-point of a tax-payer and private citizen, calmly, impartially. There is one question upon which all must agree:

Our public burdens are great and must not be increased. There is a deep-seated apprehension pervading the minds of the people that the head of the State ticket, having been identified with a measure vastly increasing the public debt or liabilities, and, consequently, the taxes of the people, would have the right to consider, if elected, that his course in respect to the said measure had been sanctioned, and that he would feel at full liberty to approve that or any similar measure for the benefit of speculators, "as clearly in obedience to the demand of public opinion;" also, that the tide lands belonging to the State, some of which are already valuable, and which if safely guarded and properly managed can scarcely fail to be more than ample to pay the entire State debt, (for who can doubt that a city is destined to rise from the waters of the Bay of San Francisco, perhaps stretching from Goat Island to the Alameda shore, of more than Venetian opulence and splendor?) will be recklessly squandered for the benefit of speculators.

Now, there should be a cure for every ill. The only remedy that suggests itself to my mind is this: Let the people everywhere exact of the State ticket and candidates for the Legislature pledges of the most binding character upon these vital questions, Let candidates pledge themselves to the people that no measure adding to the liabilities of the State or the taxes of the people, or squandering the public property, shall be passed or approved—and satisfactory pledges having been given, let us vote the entire Union ticket without scratching a letter, syllable or name. No candidate can refuse to accede to these reasonable demands. No person, in this time of peace, can propose to favor oppressive measures and expect the people to sustain him by their votes. A new ticket cannot be substituted at this late hour with any certainty of success. We must, then, stand by this or let the Copperheads take the State. I say therefore to my friends everywhere—let us rally and prevent such a calamity by taking the only course that seems within our power. Let us demand that the State indebtedness shall not be increased; that the property of the State shall be preserved for the benefit of the people; the State for the nation, and the nation for the cause of freedom and humanity.

I have the honor to be, in haste, very respectfully yours. J. BIDWELL.

RESIGNED.—William D. Harriman, Clerk of the Supreme Court, has tendered his resignation which has been accepted and the Governor has appointed Col. Wood Clerk for the remainder of the term.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters: if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS

Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.,

which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to persons recovering from debility whether produced by fever or otherwise; for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE

Has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Disease of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

MEDICAL.

PRIVATE MEDICAL AID,

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L— H—.

San Francisco, June 16, 1864.
subscibed and sworn to before me, this 21st day of June, A. D. 1864.
[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—NEWS

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 958, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential. je2-1y

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females,

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc.,
S. S. T.
